

LAIBA JAMSHED

FA24-BCS-155

SCREENSHOTS

Learning Progress

Web Development

Programming

Artificial Intelligence

Projects

Proposal Tracker

A full-stack web application for managing proposals, authentication, and CRUD operations.

Country Explorer

A web application that displays country information using a REST API.

Disease Prediction System

A machine learning project for predicting diseases using patient information.

Experience

Full Stack Web Development Intern

Neurofive Solutions

- Developed web applications using React.
- Worked with REST APIs.
- Implemented CRUD functionality.
- Used Git and GitHub.

Languages

- English - Advanced
- Urdu - Native

      <h2 class="heading"> About Me </h2>
      <p class="text"> I am a Computer Science student with a strong
interest in web development, programming, and software development. I enjoy
learning new technologies and applying my knowledge to practical projects. I have
experience working with HTML, CSS, JavaScript, Java, and C++, and I am
continuously improving my programming and problem-solving skills. I enjoy
creating user-friendly applications, exploring new ideas, and working on projects
that help me gain practical experience. I am a motivated and responsible learner
who is always willing to learn and improve.

      </p>
